

*To all at the McCormick Hospital*

I wish to say a very big thank you to all at the McCormick Hospital for looking after me so well. As nurse Jeerapa knew I was very stressed coming over from Cambodia for this hernia operation. Thank you very much to you Dr.Anat and your team ,, may it be the nurses,, porters ,, cleaners,, food preppers the "billing department,,! And especially the lovely Korean lady who's name I sadly can not remember ,, as she said she believed God had brought me there,, and she was right,, we spoke about the beautiful flower on the wall and the bible verse with it as I did my lovely nurse.

*Peter 1 v 5-7. "Cast all your anxiety on Him because He loves you."...*

I can not speak highly enough of McCormick Hospital ...

*Thank you very much  
With kind regards*

*Michael Brodrigg*
